SGSC PRICING TRANSPARENCY

SGSC Bundled pricing included the following:

St. George Surgical Center Fees

- Operating Room and Recovery Areas
- Physician/Surgeon's Fees
- Anesthesia Fees
- Standard Implants and Hardware
- Overnight Stay (up to 23-hour Overnight/Extended Stay for certain procedures)

The pre-operative visit with the surgeon is included, as is uncomplicated

follow-up care. The duration of post-operative care varies depending on the surgical procedure

as well as the surgeon. The surgeon will inform you at the initial consultation about the amount of projected post-operative care that will be needed and covered by the price.

Some physicians require a \$150 initial consultation fee. This \$150 initial consultation fee is applied to the total cost of the procedure, should surgery be completed. If surgery is not completed, the \$150.00 will be retained by the surgeon.

A list of what is **NOT** included in the surgical fee is as follows:

- Any necessary diagnostic studies prior to the surgery, such as lab work, MRI, and/or X-rays, or other diagnostic imaging.
- Any unanticipated Lab Fees or Pathology Reports for Biopsies or Tissue samples that are collected during the surgery.
- Consultations with specialists to determine medical risk/management.
- Physical therapy and rehabilitation after the surgery.
- Long-term acute care and rehab care facilities (beyond the 23-hour Overnight/Extended stay that is included in the surgical fee.
- Lodging and travel expenses.
- Expenses or fees resulting from complications intra- or post-operative of surgery and discharge from the facility, including emergency transfer and admittance to a Hospital.
